Civil Engineering

We, the department of civil engineering from SAL Institute of Technology & Engineering Research, had successfully arranged a project fair on date 24/4/2015 for the students of 8th semester. In this project fair the students got the opportunity to show their IDP/UDP work in form poster presentation. There were 22 projects from different fields of civil engineering like structural design, highway engineering, construction engineering, environmental engineering, water resources engineering, soil engineering etc.

All the projects were reviewed by the expert faculty panel headed by our director Dr. Rupesh Vasani, head of the department Prof. V.G. Patel, external expert Prof. S.P. Mehta. Experts from civil engineering department Prof. Chirag Patel, Prof. Hiren Patel, Prof. B. Mohanty, Prof. Dipti Rawal, Prof. Dulari Mehta, Prof. Mitul Patel, Prof. Monika Shah, Prof. Satyen Ramani, Prof. Dushyant Patel and Prof. M.M Joshi also assisted the expert panel.

The experts had interacted with all the group members. The students got best platform to share their knowledge and experience what they have got during their project work. All the projects were individual significance and importance to solve various industrial and societal problems. All the projects were reviewed based on their selection of topic, methodology, content, layout and design of poster and conclusion. Based on these points the experts selected top 3 projects for the recommendation to GTU. These projects are:

Rank	Team Id	Name of Topic
1 st	21702	Use of plastic waste in road construction
2 nd	16727	Use of AutoLISP in ductile detailing of RCC elements
3 rd	23605	Comparative study of different shape of container for elevated RCC water tank
