<b>Student Startup Support System (S4)</b>	<b>Gujarat Technological University, Ahmedabad</b>	<b>GTU Innovation Council (GIC)</b>

## **The largest Project Fair by technology students**

**April and May 2015**

Ref- [http://www.gtu.ac.in/circulars/15Apr/16042015\\_02.pdf](http://www.gtu.ac.in/circulars/15Apr/16042015_02.pdf)

With reference to the above note, GTU Innovation Council has received reports of the project fair exercises from colleges across the State. We have uploaded the reports at the GTU Innovation Council website and given the link here.

Final year project fair efforts at GTU are the largest of its kind across anywhere in the world. This year GTU Innovation Council received Reports from 39 BE colleges.

The respective colleges may share their report link at their website too so that students of upcoming batch can take note of that and make better efforts.

GTU Innovation Council will be happy to receive inputs from Faculty Members, students, and other organizers who have done such works at their colleges and help in improving the process during the next editions.

----	---

## Note:

To help the students avoid the pitfall of choosing a project, which may have been done during the previous years, GTU Innovation Council has created a web portal to help the final year students know about the final year projects/IDP/UDP of the previous academic years. This will help students to know what project has already been done up to what extent.

- Students can refer: <http://projects.gtu.ac.in/>  
For categorical search.  
For advanced search students may refer:
  - <http://projects.gtu.ac.in/layouts/15/GTUPMMS/ProjectSearch.aspx>

Students need to go through all the projects in their respective branch and consult with their Faculty Guides and departmental subject experts.
