More than 50 Ceramic Industries appreciated the declaration of Sectoral Innovation Council in Ceramic Eng by key efforts of Prof P.C.Vasani and Student coordinators

The Morbi Sankul Co-Chairperson Prof.P.C.Vasani along with the Associate Dean of GTU- Rajkot Zone - Prof.D.H.Ahir and the Senior Professors Pandit and Bhetariya organized the meeting with 45 industrialist of the Morbi region to intensify the Industry-Institute Interaction. In the presence of the Honorable Rural Development Minister Shri.Mohanbhai Kundariya of Gujarat State, all the 45 Industrialist welcomed the movement of GTU for industry participation and assured their support to accommodate 250 Diploma students for IDP as well as for jobs to the GTU - Diploma Engineering students, when they graduate. The Honorable minister appealed to the Industrialist for providing a platform to the engineering students for their Final Year projects and to offer them financial assistance, so that the students coming from rural area can earn and be independent as far as their educational expenses are concerned.

Shri Chunibhai from Antique Granito , Shri Prabhubhai from Coral Granito , Shri.Girishbhai from DecoLight , Shri.Jagdishbhai from Lorenzo Vitrified ,Shri.Jitubhai from Sipolo Vitrified and Shri.Vallabhbhai from Varmora Pvt.Ltd. were the major participants from the Ceramic Sector of Industries.

Prof.Vasani discussed the idea of IDP and invited industry people to extend their hand to the students. He said that the GTU project would help develop better engineers and it would help the industry. Prof.D.H.Ahir threw light on the vision of GTU as well as about the adaptation process by bringing some newer processes like Industry Required Syllabus , Course ware Design, the concept of Sectoral Council and IDPs. The Institute signed an MOU with Ceramic Industrialists about accommodating 250 students for Training, IDP as well as for the jobs.

The photographs of the meeting as well as video reflecting the event is attached herewith for reference.

Prof U.K. Chhaya , L.E. College morbid and other dignitaries during declaration of sectoral innovation council in ceramic eng at REA, Rajkot Eng Association , Rajkot.

During a mega function at REA during the last month Mr. Hiranmay Mahanta of GTU Innovation Council had proposed such an effort for Ceramic Eng and the team at Morbi Sankul has taken key step to make it happen in the least possible time. A series of meetings were held to design a detailed road map and a large industry participation was ensured by sustainable efforts of Prof Vasani and his team. Sectoral innovation Council at GTU will help develop the GTU innovation ecosystem in Ceramic Engineering so that faculty members, students and MSME people from all Sankuls may be able to participate in this mission of the Sectoral Innovation Council.

The List of Participating Ceramic Industries

• Acer Granito Pvt. Ltd
• Affil Vitrified Pvt. Ltd
• Alliance Vitrified Tiles Pvt. Ltd
• Antique Granito Pvt. Ltd
• Blue art Granito Pvt. Ltd
