**Report on**

**Developer Camp –**

**A workshop on Windows Phone App**

**Date:** 10<sup>th</sup> & 11<sup>th</sup> January, 2015

**Time:** 10:00 to 17:30

**Venue:** 126, GTU S4-Co-Creation Center (S4-C3), ACPC Building, Ahmedabad-380015.

**“A never like workshop before to converge the developing brains”**

The workshop helped the students for the developing an application for Windows Phone. Therefore, it imbibed the students to design and develop their own innovation with the help of windows tool in today’s technological era. This workshop focused on providing the knowledge of Windows Phone App Development, using C# and XAML programming languages.

Not only the theoretical application, but experts from IT industry presented a brief demonstration on App Dev that explained in detail the advantages e.g. It would help them to build their projects on Windows Platform.

What would the participants get?

- Unique learning opportunity from industry experts.
- Enhance their App designing & App development skills.
- Development of a full feature app.
- Event Participation Certificate.
- Resources for their continuous learning and further practice.
- Meet numerous like-minded peoples from different regions.

The workshop was attended by more than 100 participants and they learned the simpler way to develop an App for Windows Phone.

The demonstration of “Weather App” was carried out, that showcased the live weather information of Ahmedabad City. Subsequently from the participants, 11 could developed the App themselves during the workshop.
