

Student Start-up Support System (S4)

Azure India- Ahmedabad (Microsoft Technical Community)

with GIC (GTU Innovation Council)

arranges

“Microsoft Azure Training Session for Start-ups”

Venue- S4 co-creation Space, GTU Innovation Council

Registration on the venue: 9.50 A.M

Date- 27th September 2014

Room 126,2nd floor ACPC Building, Inside LD Eng. College, GTU Ahmedabad campus

Target Audience - start-ups or Individual, mobile APP developers. We will also guide the Start-ups on how to become Microsoft BizSpark Partners.

Mode of session- 90 % hands on

Description:

Making a website or an App might be easy but maintaining servers, web services etc. are a tough task. Microsoft provides you a platform with Azure which enables you to rapidly deploy websites, mobile services, send push notifications etc., quickly and easily. Microsoft Azure is open, broad and flexible enough to even support various non-Microsoft Technologies. Startups can join the BizSpark program and get all these features for free!

Event highlights:

1. Introduction to BizSpark for startups.
2. Introduction to Azure
3. Azure Hands-on-lab
4. Using Open Source technologies with Azure
5. Networking with Azure

GTU INNOVATION COUNCIL

www.gtuinnovationcouncil.ac.in

Event requirements for participants:

For Hands-on-labs

- a. Laptop
- b. Internet data card if possible (we will also try local Wi-Fi, but it would be great if you have your own)
- c. Credit card (for creating Azure account only, no financial charge)

For Registration : Interested participants can apply by registering in the below link:
