

GUJARAT TECHNOLOGICAL UNIVERSITY (GTU)

Organizes

1st International Workshop

On

“International Patent Filing Procedures”

13th January, 2015, Tuesday

At

GUJARAT TECHNOLOGICAL UNIVERSITY

Nr. Vishwakarma Govt. Engineering College

Nr. Visat Three Roads,

Visat - Gandhinagar Highway

Chandkheda, Ahmedabad – 382424 (Gujarat).

Tel: 079-23267537 / 23267553 / 9909961894

ABOUT THE PROGRAMME:

Dr. Akshai Aggarwal, Hon'ble Vice-Chancellor has been working for innovative and non-repetitive ideas in Final Year projects in engineering. This results in the need for patenting by students, Faculty Members, Colleges or industries associated with many of these projects. Similar needs for patenting arise for the work by the research students at Masters and doctoral work in different fields. GTU has successfully organized 45 faculty workshops and 12 student workshops on various themes viz. “*Patenting in Engineering*”, “*Patenting in Pharmaceuticals*” and “*Patent Search Methodology*” at different zone of GTU since September 2011 to till December 2014. In this process more than **4500 faculty members** and a large number of students have been trained and aware about the basics of IPR and Patent in particular. Due to these efforts, within less than 3 years, more than 300 preliminary patent applications have been filed by the GTU community.

Intellectual property (IP) is a right which refers to an exclusive ownership on varieties of intangible assets, such as designs, discoveries, inventions, etc. recognized under the Intellectual Property Rights (IPR) law. Intellectual Property Rights are territorial in nature. The territorial conception of national and international intellectual property protection faces global challenges. According to the principle of territoriality, the scope of protection of an IP right is limited to the territory of the country where the right is granted. There are about 200 countries in the world with patent systems. Each county has different law system, so there is a need to know basics of different country's patent system.

Intellectual Property Rights (IPR) are becoming one of the most influential and controversial issues in today's knowledge-based society. To support and guide the inventors/applicants who have desire to file patent applications globally, GTU is going to organize one day workshop on “*International Patent Filing Procedure*” as a part of at Ahmedabad on **13th January 2015, Tuesday**.

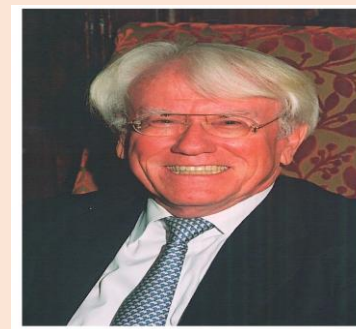

OBJECTIVES:

- ❖ To understand International Patent Filing Procedure (PCT and Conventional application) in India
- ❖ To understand European Patent System
- ❖ To understand European Patent Filing Procedure
- ❖ To understand US Patent Filing Procedure
- ❖ To guide participants regarding different patent filing systems

SPEAKERS AT A GLANCE:

Prof. Heinz Goddar

German Patent Attorney,
Euro. Patent and Trademark Attorney,
Partner of Boehmert & Boehmert,
Munich, Germany
E-mail: goddar@boehmert.de
<http://www.boehmert.de>

Heinz Goddar, Prof., Dr., a German Patent Attorney and European Patent and Trademark Attorney, is a partner of Boehmert & Boehmert, with his office at Munich. Technical background (as well as PhD degree) in physics, with a focus on polymer physics. He teaches Patent and Licensing Law as an Honorary Professor at the University of Bremen, Germany, as a Lecturer at the Munich Intellectual Property Law Center (MIPLC), Munich, Germany, as a Visiting Professor at the University of Washington, Seattle, WA, U.S.A., and the National ChengChi University, Taipei, and as a Consultant Professor at the University of Huazhong, Wuhan, China. He is a member of the Professors Committee at the Institute for International Intellectual Property (IIPP) at Peking University (PKU), Beijing, China, and of the Advisory Board of the Tongji Global Intellectual Property Institute (TGIPI), Shanghai, China. Prof. Dr. Goddar is an Adjunct Professor and an Honorable Consultant in International Legal Services at the National Yunlin University of Science and Technology, Yunlin, Taiwan. He is also a Director at the Global Institute of Intellectual Property (GIIP), Delhi. He is a Past President of LES International and of LES Germany and has received the Gold Medal of LES International. In March 2014 he has been selected into the IP Hall of Fame. Contact and further information: goddar@boehmert.de, <http://www.boehmert.de>.

Dr. Stefan Schole

Partner of Boehmert & Boehmert,
German and European patent attorney,
Munich, Germany
E-mail: Schohe@boehmert.de

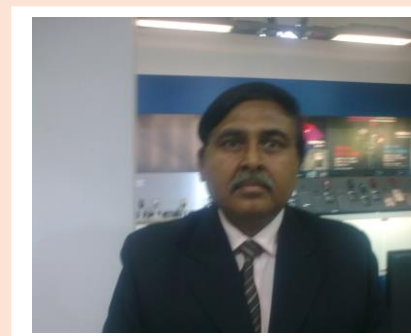

Dr. Schole, partner of Boehmert & Boehmert, is a German and European patent attorney based in Munich. He joined the profession in 1992, following studies in physics at the University of Karlsruhe and Cambridge University and research activity in theoretical and computational physics at the University of Wuerzburg.

Amongst other fields, such as medical devices, lighting technology and physical measurement technology, Dr. Schole is particularly active in the field of IT and computer-related inventions, in which he prosecutes applications before the European Patent Office and the German Patent and Trademark Office for foreign and domestic clients. Dr. Schole authored several publications on computer-implemented inventions and regularly talks and teaches on this topic. He is co-editor of the intellectual property journal “Mitteilung-en der deutschen Patentanwaelte”, vice chair of the Dispute Resolution Committee of LESI, chair of the High Technology Committee of LESI and chair of the IT Committee of LES Germany. The JUVE survey of business law firms names him as a frequently recommended attorney.

Shri. B. P. Singh

Deputy Controller of Patents,
Patent Office of Delhi,
New Delhi.

E-mail: birendrap.singh@nic.in

An Electrical Engineer and Lawyer (LL.M) by profession and training, started career as Aircraft Maintenance Engineer in IAF, served in various capacities for 15 years before switching over to the field of Intellectual Properties nearly 20 years ago, of which 1 year worked in supervisory capacity as Controller of Patents. Actively participated in re-engineering of patent processing including development and implementation of electronic work-flow. Involved in preparation of manual for patent procedures and formulation of Quality Standards for Patent Procedures. Headed Intellectual Property office (IPO) Delhi. Served as a co-author to develop Patent Office Procedures (POP) and after formation of specialized technology divisions of patent examination, headed Electrical and Electronics technology division dealing with supervision of examination and grant of Patents to inventions relating in these fields including computer related inventions. Presently heading the premier Rajiv Gandhi National Institute of Intellectual Property Management, Nagpur involved in training, education, and research together with policy advices in the field of Intellectual Property Rights.

Dr. Unnat P. Pandit

(M.Sc., Ph.D., LLB, Exec. GMP)

Head of Department, IPR Cell,

Cadila Pharmaceuticals Ltd.,

Dholka, Ahmedabad 387810

Email : unnat.pandit@cadilapharma.co.in

- Dr. Pandit has completed Ph.D. in Medicinal Chemistry from Bhavnagar University under University & Industry Collaborative Project (U&I Project) with Alembic Limited and also completed an executive management program from Indian Institute of Management, Lucknow.
- Dr. Pandit has been awarded LLB in general law from Gujarat University and a specialization PG Diploma in patents law from NALSAR University of Law.
