Since the Union Govt. has declared nearly Rs. 10,000 crore as support to start-ups during this year’s financial budget. The whole of the start-up community is excited to revitalize the efforts. While shaping policies and executing them at S4 (Student Start-up Support System) we felt the need of co-working space /co-creation spaces to support the start-up at early stage. While Bangalore has 45 co-working spaces for start-ups, Chennai-5, Delhi-13, Hyderabad 13, Mumbai is having 7. While doing analysis we found hardly 1-2 such spaces are working out of Ahmedabad. We wish to unravel the inertia and opportunity related to such scenario in the city and in Gujarat in particular. The who’s who of start-up ecosystem from Ahmedabad and Gujarat will participate in this roundtable discussion on 17th July 2014 at S4, Conference room. Co-working space managers across the incubators of IITs, IIMs and others will join the discussion to draw an action agenda for the days to come, for making the start-up culture of the city and the state vibrant.
