# Where Innovators Meet Educators

The 'Startup & Innovation' ecosystem has gained momentum in recent years in India. With 'Startup India' mission in place, Government of India has reached out to new age innovators to drive sustainable economic growth and generate large scale employment opportunities. The Government through this initiative aims to empower startups to grow through innovation and design.

At the same time, Government of Gujarat is also focussing on building effective startup & innovation ecosystem. The state government's startup policy has boosted confidence in the market. The message is loud & clear - Gujarat is moving towards the right direction of becoming the startup & innovation hub in the country.

Realising the importance of startup revolution towards employment generation, the Higher & Technical Education Department, Government of Gujarat, along with Elets Technomedia Pvt Ltd, Asia & Middle East's premier media & technology research organisation is pleased to present 'National Student & Startup Innovation Summit' on 5th October, 2017 in Ahmedabad, Gujarat.

The aim of this conference is to create a knowledge sharing platform where the top decision-makers from public & private sector will come together to chalk the plan for overall development through deliberation, ideation & collaboration
