CIRCULAR

Team formation for GTU Motorsport Team

To,

All Principals/Directors of Engineering/Polytechnic

Team GTU Motorsports is an extracurricular, student-run initiative dedicated to the development of a Formula-style race car for the Formula Student competition. The team's chain of command is analogous to a corporate firm to provide students with many other fields of experience along with technical and practical knowledge.

The vision reflected through this student project seeks to enhance student knowledge and practical proficiency. Each year the team represents GTU in national and international competitions such as Formula Bharat, Supra SAE India, and other Formula Student competitions. These are design competition which follows the standards of the prestigious Formula SAE/Formula Student competitions held across the globe. Since the establishment of the team, the students have thrived to achieve nothing but excellence and have worked upon themselves to be closer to an 'Engineer' than just an 'Engineering graduate.'

Undergraduates and graduates pursuing Engineering, Management or Arts, who are willing to work in Technical and Non-Technical departments of the team may apply to be a part of the team through the link below.

Link to the Registration form: <https://forms.gle/5Dxt72YTrKfsKgE7A>

Registration opens for BE/D2D students for all the respective branches.

Last Date to fill the Registration form: 11th March 2022

Technical Evaluation Round to be conducted online on 12th March 2022

Personal One to One Interaction for selected students to be held Offline: 13th March 2022
